Frontend developer - Backend developer

From 2017 to - | Evista Kft.

As an experienced developer I perform complex tasks independently. I am also involved in backend and frontend development ranging from webshops, websites to full-blown web applications. Additionally I create and document advanced REST APIs and integrate my own or third-party APIs. My work also includes optimizing existing Frontend, Backend systems and developing PHP (Laravel, Yii2) based microservices and Vue or Flutter microfrontend.

CERTIFICATE

Civil drones (unmanned aircraft) certificate (2022)

EU Regulations 2019/947 and 2019/945 set out the framework for the safe operation of civil drones in the European skies. They adopt a risk - based approach, and as such, do not distinguish between leisure or commercial civil drone activities.
